EDUCATION

G H Raison College of Engineering and Management, Nagpur

B.Tech - Artificial Intelligence | 2025 | CGPA: 7.9/10

Shri Vidyavati Deodia High School & College, Nagpur | HSC - 2021 | 85.67%

Bhonsala Military School, Nagpur | SSC - 2019 | 82.20%

SKILLS

AI & GenAI: LLMs, RAG, Agentic AI, Prompt Engineering, NLP, OCR, Semantic Search, ElevenLabs

Cloud & Platforms: Microsoft Azure, Google Cloud, AWS, Azure OpenAI, AI Foundry, Document Intelligence, Content Understanding, AI Search, Functions, Logic Apps, Synapse, Data Lake, Microsoft Fabric

Languages & Frameworks: Python, Java, JavaScript, React, FastAPI, Flask, Node.js, REST APIs

Databases & Tools: SQL Server, MySQL, MongoDB, Git, GitHub, Key Vault, Managed Identity, Microsoft Purview

EXPERIENCE

MaSyCoDa Solutions Pvt. Ltd., Nagpur | AI Engineer

Nov 2025 - Present

- Worked on Azure AI solutions across 4 projects in recruitment, claims, clinical fax processing, and hospital voice assistance.
- Built document and agent workflows using Python, Azure OpenAI, Functions, and Logic Apps; implemented secure access, exception handling, and monitoring.

INTERNSHIP

Web Beta Pvt. Ltd., Nagpur | Web Developer Intern

Jul 2024 - Dec 2024

- Built responsive applications and REST APIs using MERN, PHP, SQL, HTML, CSS, and JavaScript; improved page-load time by 25%.

PROJECTS

TalentMatchAI

Jan 2026 - Feb 2026

- Built resume OCR, candidate/JD normalization, semantic matching, and explainable 100-point scoring with reviewer dashboards; reduced manual screening by ~80%.

Technologies: Python, FastAPI, React, Azure Document Intelligence, Azure OpenAI, Azure Web App

Cognitive Claims Intelligence

Nov 2025 - Present

- Automated claims, policy, and financial-document analysis with semantic retrieval and explainable outputs; solution reported 99.8% model accuracy.

Technologies: SharePoint, Synapse, Data Lake, Microsoft Fabric, Azure AI Search, Azure OpenAI

AI Fax Processing Integration

Nov 2025 - Present

- Built fax classification, extraction, patient matching, and NextGen task routing; solution accuracy improved from 90.3% to 93.4%.

Technologies: Azure AI Content Understanding, Logic Apps, Functions, OneLake, SQL Server, NextGen EMR

MediAssist: Intelligent Hospital Receptionist

2026

- Designed multilingual voice assistance for enquiries, appointments, and department routing; solution reported 60-70% fewer routine interactions.

Technologies: ElevenLabs, RAG, Azure Functions, Azure Table Storage, Microsoft Graph, Microsoft 365 Calendar

TRAINING & BADGES

Microsoft Foundry IQ Badge - May 2026 | AWS SimuLearn AI Practitioner Training Badge - Jul 2026
